## FIT TO FIGHT TOMORROW

**So Says Jeffries—Johnson Bout Sure to Come—Norwich Soccers Open Season Today—Academy Looks for Double Victory Over Bulkeley—Important College Games Today.**

New York, Oct. 22.—"Fight," said Jim Jeffries tonight, as he settled his big shoulders in his overcoat before going out to see a turn of American vaudeville, "why, that's what I'm here for. 'Whatcha want, you say? I signed up for goes. I don't know what it is, but it goes."

The division of the purse has been agreed upon, but in Sam Hearn, Jeffries' manager, "Johnson has conceded that to settle. That leaves only three points to settle. First—The selection of a stakeholder. Second—The referee. Third—Place and time for the reception of bids. "How soon will he fight?" was asked. "That depends on the other fellow," said Hearn. Jeffries is pretty near right now, but he'll be absolutely right before he puts the gloves on. Delay has been the one thing the public has had any cause to complain of, but remember the fellows who kick now would be the very first to holler if Jeffries had turned up unconditionally. Jeffries will probably train while in town at Cooper's gymnasium. He wants the preliminaries over as soon as possible, so that he can get back to the mountain air again. The first thing he said this morning as he stepped off the Lusitania was: "I'm ready to fight Johnson tomorrow."

**SOCCER SEASON OPENS.**  
Supt. Eccles Kicks Off This Afternoon for Norwich-Plainfield Game—Cup on Exhibition Here—Western Application Rejected.

Local sports have a new attraction added to their list this afternoon when the association football league season opens with a game at Sachem park between the Norwich club and the Plainfield club. By invitation from the Norwich club, Supt. John Eccles of the Pocomac mill will put his toe to the ball for the opening kickoff at 2 o'clock, inaugurating the season with all the proper honors.

Out of a bunch of candidates a fast and accurate team has been picked to represent Norwich and it is expected they will force the play from the start and give Plainfield a hard time. For this game also Plainfield will present their strongest team, a combination faster than the one that was defeated last week by Sterling, 3 to 0, and they promise to give the Norwich eleven a hot run for the winning score.

In Tatville on Friday evening a

league meeting was held with the three teams of Norwich, Plainfield and Sterling, represented. President Shorrock had the cup on hand which the Sterling club has provided to be played for. Arrangements have been made to have it exhibited in Preston Bros' window for two weeks. It is a handsome piece of silverware and one that the three teams will play hard to win. An application to enter the league was received from Western but was rejected because Sterling represented that for them to play games there was too far to travel.

**Mohicans vs. McIntyre's All-Stars.**  
Manager Larkie, the versatile athletic director of the fortunes of the Mohicans in every branch of sport, and Captain Junes McIntyre, the all-around Greenfield star athlete, came to an argumentative clash Friday evening over the merits of their respective football teams, which was settled by agreeing to play a game Sunday afternoon at 2 o'clock on the Cranberry. Manager Larkie claimed to have been after the scalp of Junes for that week and was tied to a death to have the game arranged for. It is understood to be a sort of preliminary tryout, to be followed by a series of regular games. Some close to this clash. Read over the lineups:

Mohicans—Riordan and Baker, ends; Gurney and Fields, tackle; Bennett, guards; Bradway, center; Burdick, fullbacks; Murphy, quarterback; Fiedling, fullback; Boltz, Burdick and Paton, ends. McIntyre's All-Stars—Lawler and Gallivan, ends; Colligan and Jack McGrath, tackles; Steve Sullivan and McCormick, fullbacks; Donovan, center; Tuttle, quarterback; McKay and Frew fullbacks; Captain Junes McIntyre, fullback.

**Academy Football Notes.**  
Bulkeley day in New London. The second eleven plays at 10:30 a. m., and the first eleven at 3 p. m.

The way the Academy following looks at it, a victory over Bulkeley is worth about two over any other eleven.

Out at end, Porter tackle and Bliss guard will be left side of the second team's line. Higgins will play center. Taylor right guard, Havens right tackle and Johnson or Owens right end.

The entire Academy squad, numbering 27 men, is to be taken down for the Bulkeley games. Mr. Aultman accompanies the second eleven at 8:45. The trolley road puts on an extra for

the first eleven and its supporters, who go by the 12:15 train. Coach Bunnell will be on hand for the afternoon game to watch his charges set the pace for Bulkeley's first eleven.

Harvard's first team accompanied Mr. Aultman with the second string men and will probably amply for their game.

Sullivan qb, Captain Crows lb, McNamara rb, and Kinney cb, with Lowden as sub right half, will be the backfield for the second eleven. Burns goes as sub-tackle.

The first team will line up as follows: Captain Gallivan lb, Swan lb, Walsh lb, Ricketts c, Isabier rg, Welles rg, Gohrath re, in the line. In the backfield, Kinney qb, Noyes lb, Lawler rb, McCormick fb.

The first team subs will be Lawton for Noyes, Casey for Lawler and Porter for Noyes.

**COLLEGE FOOTBALL.**  
Yale, Harvard, Penn and Princeton Games Eagerly Awaited Today.

The big fellows in the football arena all are anxious who are likely to try their mettle in the games this afternoon. Yale goes against a somewhat unknown quantity in the Colgate eleven, Harvard takes the Princeton eleven in for a hard fight in playing Brown on the stadium. Princeton has a wholesome respect for the Lafayette team, and Pennsylvania is expecting to snap against Penn State.

**Brown Hopeful Against Harvard.**  
A monster mass meeting was held at Brown Friday night to ginger up for the Harvard game. Brown intends to make a lot of noise in Cambridge. A band of 20 pieces has been engaged, and each player will be given a written note to help out in the Brown cheer. The variety is in fine shape and has been drilled on a special line of cheer for Harvard.

A criticism of Harvard's middle line this year, given by a man whose opinion is worth while, who has followed the game closely for 15 or 19 years, and who himself was formerly manager of a Harvard team in the early days of the college, says that he has shown a lamentable lack of knowledge of what to do once they have broken through on the defensive. In breaking through on lighter opponents, he says, they did not show any versatility, and once through, made little serious effort to break up the play or get at the man carrying the ball past them.

Apparently Harvard's best backfield men are the tender variety who need constant nursing to keep them off the hospital list, and it is a question whether stars thus equipped are not really less dangerous with one on back. Fred Case therefore instructed the Pittsburg pitchers to take care of these men by either walking them on or by throwing a couple of balls they could hit. This policy was adhered to at all times, so that Crawford and Cobb were of little assistance. Captain Fish and Earl Smith, the clever business and showed excellent headwork. Adams followed these instructions to the letter and is a hero. The crowd, which belongs to the Pittsburg manager, who laid his plans before the series and stuck to them clear to the end.

**Battling Matched with Wolgast.**  
Battling Nelson and Ad Wolgast were matched at Los Angeles Thursday to fight 45 rounds for the world's lightweight championship and a \$12,500 purse. The fight will take place in Los Angeles Thanksgiving day before the Pacific A. C.

**THE POWER OF STEAM.**  
Hazy May See But It Takes Genius to Realize.

When James Watt saw the steam raising the kettle lid to jump up and down he said "There must be power in that steam that it can lift such a weight."

There was.

Millions prior to him had seen the same phenomenon and regarded it as an unexplained mystery.

Recent scientific research has put its finger on the "cause" of Dairry, Fat, Hair, and consequent Baldness, and has unearthed a tiny germ which eats the life from the roots of human hair.

Newbury's D. Herpicide destroys this germ and consequently restores the hair to its natural state.
